Agatha Christie's *The Mousetrap* takes place in a newly-established bed and breakfast, Monkswell Manor, outside London during a blizzard. There has been a murder nearby and the murderer is still free to carry out their further plans. As the guests start to arrive, everyone fits the murderer's description and each guest hides a secret.

The *Mousetrap* first premiered in 1952 — welcome as we celebrate 70 years of genre-defining murder mystery from the best-selling novelist of all time.
